LETTER TO THE EDITOR

Kearny Has Angels in Disguise!

My husband and I were at Norm's when a man asked if we could help. There two men from Poland who were in trouble as they were biking the Arizona Trail. They started from Mexico and their final destination is the Grand Canyon. One of their bike tires (tubeless) was flat. This

was Sunday evening. Everything, pretty much, was closed.

We asked Ramon Rubalcula if he could help them. Without hesitation, he went straight to the store and fixed their tire.

OBITUARIES

Brian Paul Simmons

With heavy hearts, we announce the passing of Brian Paul Simmons on Oct. 25, 2024, in Superior, Arizona.

Brian started life on March 7, 1965, in Loveland, Colorado. Brian graduated from Absarokee High School and Montana Tech, School of Mines and Engineering. Between high school and college, Brian started his mining career at Stillwater Mine

in Nye, Montana. While working in Beatty, Nevada, Brian met his wife, Kym. They were married on Aug. 20, 1994. Together

they built a life with their two daughters. Through it all, Brian remained a rock for his family, turning each move into an adventure and each new town into a memory.

Brian never knew a stranger. His laughter and stories will forever echo in the hearts of those who loved him. He was a big, tough man with a romantic heart who loved dancing, music, and cowboy poetry. Brian was a free spirit. In every mountain peak, river's edge, and forest trail, Brian felt God's divine presence. Guided by the spirit of the land, he believed, "Sunsets are a marvelous phenomenon. They are symbolic of God's approval at the end of the day. Sunrises are similar, of course. They give us a prelude of what each coming day may hold. There is beauty and good in every day if only we take the time to see it."

Brian achieved his goal of retiring by his 59th birthday from Cementation in March of 2024 to pursue his dreams of exploring the beauty of our great country. His hobbies followed him into retirement. Camping, off-roading, traveling, and his

most prized hobby, hunting which he enjoyed with numerous friends and most importantly his father, journeying to multiple continents and states.

He leaves behind not only his immediate and extended family but also many friends who became his chosen family. Brian was preceded in death by his wife, Kym. Brian is survived by daughters, Kailee and Johnna; parents, John and Marilyn Simmons; sisters, Renee (Dave) and Laura (John); and nephew, Wayne.

Though he is no longer with us, his spirit and legacy live on in those who loved him.

Local funeral services were held on Nov. 2 at the VFW in Superior. A second service will be held Nov. 16 at Miller Ranch, 14 Miller Rd., Absarokee, MT, at 2 p.m.

In lieu of flowers donations can be made to the Rocky Mountain Elk Foundation, Montana Technological University, School of Mines and Engineering, or Wallace Idaho Elks Lodge #331.

Angelita loved to crochet, go fishing and camping. She was an avid bingo player and was a fan of the Arizona Diamondbacks, and loved going to the casino. Most of all was the love and devotion for her grandchildren shown by assisting in raising

and caring for them. She attended all of their school, church functions, and sporting events. She was their biggest fan. Her joy and love overflowed when her great-grandchildren visited her and didn't want them to leave.

Angelita is survived by sons, Frank (Annie) and Manny (Cindy); grandchildren, Rachel (Gavino) Borquez, Yvonne, Manny (Ashley), David (Kim), Rey (Danielle) and Angela; great-grandchildren, Gavino and Francisco Borquez, Analiyah Zazueta, Vinny, Morgan, Mila, Nevaeh and Jameson; sister, Rosita Rosales; brother, Dario Gaona; and a large extended family. A devout follower of Jesus Christ, Bob found great comfort in his faith and had a deep passion for studying the King James Bible.

Bob pursued a career as a master carpenter, beginning

with his apprenticeship in the United Brotherhood of Carpenters and Joiners of America. His craftsmanship and dedication to his trade were evident in every project he undertook.

Outside of work, Bob found joy in the great outdoors. An avid hunter and fisherman, he spent countless hours immersed in nature, finding peace and fulfillment in the wild.

In accordance with Bob's wishes, he will be cremated, and his family plans to honor his memory by spreading his ashes in the wilderness areas he cherished most.

OBITUARIES

Millie 'Lupe' Madrid

Millie "Lupe" Madrid, 67, passed away suddenly in Globe on Oct. 20, 2024, after many complications in the hospital.

She was born on Dec. 1, 1956, in Pueblo, CO where she was raised. Millie

moved to Arizona as a teenager. Later, she moved to Miami, AZ and married Carlos Ozuna. They were married for more than 30 years and had two beautiful kids. On Sunday night, she left her body and became a citizen of God's glorious kingdom.

Millie is preceded in death by her parents, Rose and Amadeo Madrid, brother, John Madrid, and brother, Steve (Lydia) Madrid.

She is survived by her daughter, Juanita Madrid-Ozuna; her son, Julian Madrid-Ozuna; three grandchildren, Jazlynn Ozuna, Julie Ozuna and James Ozuna; two sisters, Betty (Jesus) Martinez and Lillian (John) Utley; four brothers, Manuel Madrid, Arnold (Maria) Madrid, Lorenzo Madrid and Andrew (Joyce) Madrid; many nieces and nephews, aunts and uncles, cousins, friends, loved ones and her chihuahua, Peaches.

Millie attended elementary school in Colorado and graduated from San Manuel High School. She worked various jobs; being a wonderful mom and homemaker, the Gomez tortilla factory, cleaning, babysitting and factory working at Republic Plastics.

She enjoyed spending time with family and being the best mom. She loved babies

and children; her kids were her world. She loved making people laugh and helping people whenever with whatever she could. Millie was always being silly and enjoyed going out and having fun, going to the casino and trying out new restaurants. She enjoyed listening to music, dancing, walking, bike riding, crocheting, search word puzzles, playing games, putting puzzles together, arts and crafts, and decorating. Millie liked feeding the birds and bird watching, taking care of her plants and gardening. She also enjoyed watching the Spanish dating show, Enamorandonas, game shows and action/comedy movies. Millie was always cooking up her favorite foods: sopa, egg salad, chili beans and tamales.

We are honoring our beautiful mom, our hero and sweet queenie angel. Fly

with God!

She was the most loving, friendly, giving mom, wife, sister, daughter, niece, cousin, friend and person. She had a heart of gold and was so very helpful. She was always real, a free-spirit, and so much fun to be around. Beautiful and strong. Welcoming and compassionate. An animal and nature lover. So positive and glowing when she walked in a room. She struggled a lot in life, was very hard working and always got her way. She had many beautiful ways and always made you feel seen and wanted.

Services for Millie "Lupe" Madrid will be held in Mammoth at Blessed Sacrament Parish on Friday, Nov. 8, with a 9 a.m. viewing and a 10 a.m. Mass. Interment will follow at Mammoth Valley View Cemetery. There will be a potluck at Mammoth Community Center Hall afterward.

ASARCO announces use of autonomous vehicles

Mining technology continues to evolve throughout the industry. With the ongoing advancement of the technology that powers autonomous vehicles and robotic operations, every industry is on the cusp of transformation to implement these new technologies.

ASARCO-Grupo Mexico announced to the community that it has officially informed the United Steelworkers Union that ASARCO will be implementing the use of

Autonomous Haulage System at the Ray Mine. These notifications are required based on current labor contracts with the unions. The company announced that zero jobs will be lost due to the change of equipment. ASARCO and Union officials were scheduled to meet on Oct. 17 according to the public flyer. At press time the outcome of the meeting was not available.

In the announcement, ASARCO reported that the

implementation of the new AHS system will be complete by October 2025. The implementation plan calls for current employees to be trained to advance into other positions at ASARCO as part of the arrival of the AHS at the Ray Mine.

The AHS system is expected to improve the safety of employees, equipment and production as well as improve efficiencies at the Ray Mine.

BLM releases draft environmental assessment for Redhawk Copper

The Bureau of Land Management, Safford Field Office, will release a draft environmental assessment for the proposed Copper Creek Exploration Project and the associated Mining Plan of Operations on Nov. 7. The proposed project is located on BLM-managed public lands, approximately nine miles east of the Town of Mammoth in unincorporated Pinal County, Arizona. The release of the draft environmental assessment will start

the 45-day comment that ends Dec. 22.

The applicant, Redhawk Copper, Inc. (Redhawk), submitted an application for a Mining Plan of Operations to the BLM SFO. If approved, Redhawk would be authorized to disturb up to 18 acres of BLM-managed public lands, which includes six acres for 67 drill pad sites and 12 acres for associated access roads. Before the Project is complete, Redhawk would reclaim 14 acres of the surface disturbance. The remaining 4 acres would be widening of roads that are currently used for recreation and other activities and would remain open for use at project completion.

Interested parties may review the draft environmental assessment and the Mining Plan of Operations then may submit comments online via the BLM National NEPA Register or by email to BLM_AZ_SFO_CopperCreek@blm.gov. Written comments may be submitted to the Safford Field Office, 711 S. 14th Ave., Safford, AZ 85546.

A virtual public meeting will be held on Nov. 14, 5:30-6:30 p.m., to provide information about the project and how to participate. Attendees must register prior to the meeting.

Lobos are in the Semifinals with win over Desert Christian

By Nathaniel A. Lopez
Copper Area News

Only two games remain in the 1A State Championships. And the Lobos' fans want them to go all the way!

Friday night, the Lobos came one step closer to the finals.

Desert Christian traveled to Hayden to take the Lobos on in the Quarter finals of the state playoffs, under the lights of Lalo A. Serrano Stadium. The Lobo captains, Paul Gaither, Jj Manriquez, Matthew Armenta and Kino Lorona, met in the center of the

field for the coin toss. The Lobos start the game off on defense.

The boys played a tough defense and quickly turned the ball over.

Quarterback Paul Gaither threw a pass to Jj Manriquez, who brought it in for the first touchdown. The Lobos also got the 2-point conversion.

While on defense Jr Fong intercepted a pass and gained yards before going down. Tyler Garner collected a touchdown, making it 14-0, followed up by a field goal for 15-0. Jj Manriquez scored another touchdown. Then Kino Lorona scored a touchdown and Tyler

Garner scored another touchdown. The first quarter ended with a score of 35-0.

Starting the second quarter on offense, the Lobos ran the ball hard, and advanced down the field. Kino Lorona scored two touchdowns during the second quarter. Both followed by field goals from Mj Oropeza. With only seconds left in the first half, Desert Christian got close to the end zone. The Eagles were able to score one touchdown before the first half ended with a 49-6 score.

During the second half of the game, the Lobos continued to play with an aggressive

defense, and a smooth offense. The Eagles were never able to get into the end zone again.

The game closed out with a final score of 77-6, advancing the Lobos into the Semi-Finals to take on St. David. The boys will play on Friday, Nov. 8, at Coronado High School in Phoenix with a kickoff time scheduled for 7 p.m. Tickets are available at: <https://gofan.co/event/2138244> and the live stream can be watched at: <https://www.nfhsnetwork.com/events/aia/game922515703>.

Good luck, Lobos!

The announcement is the latest milestone in Resolution Copper and the Superior Unified School District's 15-year partnership to support teachers and provide students with the tools they need to advance their education and career aspirations.

"We are thrilled to continue our collaboration with Resolution Copper," said Superintendent of the Superior Unified School District, Stephen Estatico. "This donation will be essential to providing the technology our students need to learn in a hybrid school environment, as well as continue additional student enrichment activities like CTE courses, student leadership, and boys' and girls' sports. Resolution Copper's support is invaluable for our schools and the broader community."

"Superior, Arizona and the Copper Triangle of Arizona is more than where we work. It's our home, and education is something that we feel strongly about

because it leads to opportunities. We couldn't be happier to support teachers and help students at Superior Unified School District develop the skills and confidence needed to lead the development of our region and make an impact. At a time when there is an increasing need to build the mining workforce. Our donation will also help open opportunities for students about the wide range of exciting and high-paying career opportunities in the mining industry, which plays a critical role in the nation's energy and national security needs," Vicky Peacey, General Manager of Resolution Copper, commented.

Since 2016, Resolution Copper has invested more than \$2.2 million in over 280 local initiatives around Superior, Arizona, spanning education, environment, community development, and arts and culture. Since 2022, Resolution Copper has awarded more than \$800,000 in scholarships to over 240 local students. In addition, in 2019, it committed to a four-year \$1.2 million agreement with the Superior Unified School District, which included support for STEM and robotics programs at local schools. Resolution Copper has an active

apprentice program focused on training, skills and direct employment for local Copper Triangle residents.

About Resolution Copper

The Resolution Copper project is a proposed underground mine that will be developed by re- using the disturbed footprint of the historic Magma Copper mine in the Copper Triangle of Arizona.

The project is a joint venture owned by Rio Tinto (55%) and BHP (45%). The ore deposit lies nearly 7,000 feet below the earth's surface. It represents one of the most significant untapped copper deposits today. The mine has the potential to supply nearly 25% of US copper demand as well as other strategic materials and critical minerals.

Court volunteer program seeking additional volunteers

In 1977, a juvenile court judge concerned about making drastic decisions with insufficient information conceived the idea of citizen volunteers speaking up for the best interests of abused and neglected children in the courtroom. This created the Court Appointed Special Advocate Program.

CASA Volunteers are appointed by the Judge to a child living in foster care. They read the case documents, gather information from the child's team, and most importantly, meet with the child. They collect information on how the child is doing and what the child's needs are then report back to the court.

The primary responsibilities of a CASA volunteer are to:

- Gather information: Review documents and records, interview the children, family members and professionals in their lives.
- Document findings: Provide written reports at court hearings.
- Appear in court: Advocate for the child's best interests and provide testimony when necessary.
- Explain what is going on: Help the child understand the court proceedings.
- Recommend services: Ensure that the children and their family are receiving appropriate services and advocate for those that are not immediately available. Bring concerns about the child's health, education, mental health, etc. to the appropriate professionals.

CASA

Continued from page 17

• Keep the court informed: Update the court on developments with agencies and family members. Ensure that appropriate motions are filed on behalf of the child, so the court knows about any changes in the child's situation.

CASA Volunteers play an important role in the cases they are appointed to but currently, we do not have enough volunteers for the court to provide an advocate to the children in need.

Court Appointed Special Advocate volunteers must be 21 years of age or older, pass a thorough background

screening and complete 30 hours of free pre-service training, either in person or virtually. On average, advocates in Gila County dedicate about 10-15 hours per month attending virtual meetings, documenting findings, and seeing the child. Volunteers must be willing to stay appointed to the child until a permanent resolution of the child's family's case has occurred.

For more information on the CASA of Gila County program, visit www.CASAOfGilaCounty.org or call 928-474-7145 for the Payson Office or 928-402-4427 for the Globe Office.

CLASSIFIED**Cards of Thanks****A HUGE THANK YOU FROM Norm's IGA for Pumpkin Patch 2024**

From the day we purchased the store, it has always been our heart's desire to give back to the community. We started small, in our parking lot at our store with an outdoor event on our own which turned out successful. The thought occurred: would it not be great to invite all businesses and organizations to make the event an even grander start of fall for the sake of community? We welcomed it and it continued to grow from there. Unexpectedly, Vern came to us and offered the use of the golf course, and the collaboration exploded from there. We were about four years at the store and three, now, at the golf course. We could not be more grateful for their hospitality. Every year the event improves! Everyone works so hard from planning to setting up to closing.

All of this would not be possible without the help of the following: The Kearny Golf Club members, N., Sondra, Loretta, Tara, Paul, Juan, Set Free Church, Terri's Boot Camp, Construction Done Right, Copper Basin Jr. Chamber of Commerce, Darrell Wallace & Bobby Nemo, Town of Kearny, Church of Jesus Christ of Latter-day Saints Missionaries, Molli, Mark and, last but not least, all the AMAZING vendors that were a part of making something happen in Kearny: Julie's Heart, Patti's Hobby, The Raven's Path, Duncan Books & More, Author Aaron Harp, Kearny 4-H, Meyah's Mary Kay, Dawn's Sweet Treats, Tati's Treasures, ASARCO, Adelina's Fall Treats, JacquiO Paints N More, Tina's Tenda Creations, Roses Purses & Jewelry Plus, Winkelman Prep School, Sadie's Pillowcases & RHS Band. Kearny Elks even added a soccer shootout that day.

The Story of Truck Truck

By Roger Stern

Special to Copper Area News

My eldest son David was in kindergarten and we lived just east of Mesa, outside the city limits in 1975. The elementary school had just notified my wife Kathi and me that David probably had learning disabilities and we agreed to their placing him in special education during his elementary school years, starting with first grade. Knowing that the process would be difficult for him, I decided that I should do something special for him.

David was always delighted when the UPS truck arrived at our home with parcels, sometimes with gifts from his grandparents. He called the UPS delivery truck "Box Truck". So, I decided to build him a sidewalk push truck.

Our home was on a dirt street intersection with a tall saguaro cactus in the middle of one. With no hard surfaces available for him and two brothers to use, I selected large children's tricycle front wheels. For several months, I walked the dirt alleyways of our neighborhood before trash day and found large 16" front tricycle wheels.

I removed the pedal cranks and welded in steel tubing. Later on, when we had more financial resources, I purchased new 16" garden cart wheels with semi-pneumatic tires equipped with ball bearing hubs. I also carted home various discarded washing machines and dryers whose cabinets became material for seat, fenders, cab, roof and hood. I based the design on

old truck story pictures that my mother had read to me when I was a young child.

I scrounged steel channel for a frame from my across the street neighbor who collected such stuff. I welded up the frame with an arc welder that I purchased from Sears in 1962 for \$88 with my first job paycheck. Since I was, then, working as a certified aircraft mechanic, I had access to used threaded rod-end bearings that had failed inspection, which became steering linkage. Square tubing became the primary front axle structure which pivoted in the middle.

I fabricated front wheel spindles from 1/2" round rod stock. Then incorporated all of the steering angles similar to our very aging 1948 Chevy carryall station wagon, including tow out on turns.

I had access to sheet metal brake where I worked at Falcon Field airport to bend up the body parts. I designed the bed to hinge so it would function as a dump truck, too. I was unable to come up with a suitable steering wheel, so I fabricated it from steel tubing.

My sons David, Mark and Tim were all involved with the project. They were all delighted with the results. We have taken the truck truck to picnics, church socials and camp meetings, where it always becomes the children's favorite activity.

My son Davis is now 54 and nearing retirement as senior accountant with UPS in Dallas. That makes the truck truck (the name David gave it) nearly 50 years old and it has survived a lot of children and the test of time.
