Mayor's Minute: Preparing a Workforce and Updates

Marking the first quarter of 2024 were many fabulous events hosted by Superior, ranging from our Home Tour and Mining Festival to the Aravaipa Run and the most epic Lowrider Car Show in recent history. We are proud to host so many wonderful events that bring excitement to our community, provide unique experiences for our residents, and also help to generate interest in our beautiful town.

In March, Councilmember Vanessa Navarrette and I attended the National League of Cities' Congressional City Conference. Our time was well spent participating and benefiting from important educational briefings and opportunities as well as in a day full of meetings with federal agencies such as the USDA, the US Army Corp of Engineers, and members of our Arizona Congressional delegation. These meetings are vitally important to help us strengthen our relationships with these key decision makers to ensure that our federally funded projects continue to move forward. We also had the opportunity to discuss the importance of the Resolution Copper Mine project with our Arizona Congressional delegation and to thank them for their support of our federally funded projects.

One of the most important educational sessions we attended while in the Nation's Capital in March was the

Hispanic Elected Officials (HELO) constituency group of the National League of Cities where I serve as an at-large board member. There was a very stimulating and informative discussion on educational inequities and the need for cities, towns and schools to work together. One particular data point shared was that only one in five Latino students can read at grade level. When students are not able to read at grade level, they are hugely disadvantaged for the remainder of their lives unless this achievement gap is addressed. We all read the plight of our children and youth who are compelled to deal with hardships and challenges as they enter adulthood. This reading achievement gap not only severely limits their ability to learn, it does the very same to their ability to earn income and attain an acceptable standard of living.

The key to addressing this achievement gap is early childhood education, which is the building block to ensuring our children and youth are able to learn, earn and prosper. Our Town Council has always placed education for all residents of Superior as a priority for the health and economic viability for Superior. In fact, early childhood education is a pillar of our Town Government's Strategic Plan.

It has been concerning that for a third time, our Head Start Program was once again on the chopping block to be closed by the Pinal Gila Child Care Services. This agency is not directly affiliated with the Superior Unified School District or the Town of Superior, but its leadership unilaterally determined that their organization does not have the budget to keep our center operating and announced this with very little notice or effort to try to keep the center open. This is incredibly disappointing and frustrating as many families depend on high quality early childhood education that Head Start provides to the young residents of Superior. Local residents and grandparents of HeadStart students Bob and Mary Ann Bell have taken up the challenge to bring awareness and help develop a plan to preserve some form of early childhood education for Superior, they have a petition for residents to sign to try to save our early childhood education center.

Preserving this community institution will take the will of our entire community to ensure that we start solving

MAYOR'S MINUTE

By Mila Besich
Mayor, Town of Superior

not only the lack of early childhood education but also the need to increase the childcare services that are urgently needed in our community. While there is not a defined plan at this time, I wanted to bring this to the attention of our community. Plans are underway to host a community forum on childcare and early childhood education needs. As we plan for our workforce now and into the future, a healthy and strong early childhood learning environment is needed.

In other updates, our Town Council has approved grant contracts to build sidewalks on Panther Drive, and progress continues on the construction of our helicopter pads at the airport, which we hope to have open this summer. Our Council had its first budget session for the 2024-25 Fiscal Year, and we are pleased to report that we remain in good fiscal health. While our budget is still tight due to HURF imbalances and decreases in State shared revenues, we are pleased to report that our budget is balanced, our projects continue to move forward, our staff are earning a livable wage, and our Town Government operations remain on course and effective.

Together, We Are Superior!

Adelante Juntos to host Cinco de Mayo celebration

Superior is definitely well known for the frequency and variety of community events throughout the year. Adelante Juntos is a new locally based non-profit started by Robert "Veto" Cervantes and Alex Romero. Their vision and mission for their non-profit is to host more cultural events throughout the year.

Last year, they hosted a few Tardeada events (afternoon parties) that focussed on the rich Hispanic culture of Superior.

"We are excited to host a much larger Cinco de Mayo celebration this year," explained Alex Romero. "Over the year we raised additional funds and received some donations that helped us to expand the event for this year."

The Cinco de Mayo event will be held on Sunday, May 5,

2024, in Besich Park from noon to 9 p.m. The event begins at noon and will feature DJ Tiger entertaining everyone. There will also be food and novelty vendors and piñata busts for the kids. Superior Dance Company will perform 2-4 p.m. The event will conclude with an evening of dancing and fun with Powerdrive Band 5-9 p.m.

Romero explained that Adelante Juntos de Superior is planning to host other cultural events such as Italian and Greek festivals in the future. Their hope is to share the rich traditions of not only the Hispanic culture but also learn more about other ethnic heritages through their non-profit.

For more information on Adelante Juntos de Superior or the upcoming Cinco de Mayo event, please call Alex Romero at 480-383-3038.

Heat Proofing Your Garden

By Bob Allen

SE Pinal County Master Gardener

When Deborah North returned to Arizona from the very green Northwest in 2003, she quickly learned that to enjoy gardening in Tucson required significant retraining.

She entered the Pima Master Gardener program in 2004 through the University of Arizona and never looked back!

On Wednesday, April 10, Deborah shared her knowledge with 72 eager-to-learn gardeners in a lecture titled “How to Heat Proof Your Garden.” The Southeast Pinal County Master Gardeners sponsored the event at the SaddleBrooke Ranch Sol Ballroom in Oracle.

Her first piece of advice? Remember you live in a desert! Our Sonoran Desert is notorious for dry, alkaline soil high in mineral but low in organic material content. Add intense sun, high summer temperatures, low winter temperatures, little rainfall, high winds, and insect pests, and you will ask yourself, “How will I ever grow anything here?” Deborah demonstrated that with knowledge, patience, and an understanding of our unique climate, you can get plants to thrive in our desert!

Do you know how large containers need to be if you use them for gardening? (Answer: 18 to 24 inches.) How much sunlight should shade cloth block to protect your plants during Southeastern Arizona’s notoriously hot summers? (Answer: 30% - 40%.) Deborah shared those

and many more tips with the eager audience of gardeners.

Other hints? Be kind to yourself! Wear sun protection, sunglasses, stay hydrated, and garden early in the day when it’s cooler. When the temperature reaches 90 degrees plants stop taking in water.

Amend your soil with organic matter to improve water holding capacity and choose native or desert adapted plants for landscaping. Water your plants deeply with increasing frequency as the weather gets warmer. Water annuals or grasses to a depth of 8 to 12 inches. Water

CASA of Gila County welcomes three new Court Appointed Special Advocates for Gila County children

In April 2024, CASA of Gila County welcomed three new Court Appointed Special Advocates dedicated to serving the Gila County youth who are placed in foster care settings. Two volunteers will serve out of the northern area of Gila County and one volunteer will serve out of the southern area of the County.

Court Appointed Special Advocates act as best interest advocates for local youth while the child resides in foster care. They do not serve as the child's placement; they serve as the child's voice!

After a thorough background screening process and pre-service training, volunteers are appointed to a child or sibling group from Gila County. As the child's advocate, the volunteer serves to ensure the child has the necessary services and a voice in their future.

"When children are thrust into difficult circumstances, they must rely on many adults who are strangers to them, to work hard and make the best decisions for them," said CASA Tammie Grenier.

"I have a heart for kids, and I want to be part of a team that is dedicated to making these kids' lives better, and that's why I became a CASA."

The CASA of Gila County program continues to have

an elevated need for additional volunteers. In the first quarter of 2024, the program was only able to serve 26% of the children in need of an advocate.

The program encourages community members to apply today. There is no specific degree or experience needed to become a CASA volunteer. Volunteers must be 21 years of age or older and pass a thorough screening process. All training for the position is provided at no cost to the volunteer.

"April is Child Abuse Prevention Month and National Volunteer Appreciation Month," said Emily Nader, Coordinator for CASA of Gila County. "We are overjoyed to welcome new volunteers to join our amazing group of CASAs in Gila County."

We continue to have to decline requests made for a child in care to have an advocate due to a lack of volunteers from our community. We hope this is just a start of an increase for our community's involvement!"

CASA volunteers provide a valuable service to judges and become a consistent person in the life of a child while in foster care. If you are interested in more information, please visit www.CASAofGilaCounty.org or call 928-402-4427 in Globe or 928-474-7145 in Payson.

Growing food in rough terrain – Agro-forest at Arboretum

The history of the Boyce Thompson Arboretum and mission developed by its founder Col. Boyce Thompson was to study food sustainability, what could people eat as the earth became warmer and drier.

Reap Goodness, a national non-profit organization, is working across the globe to regenerate land and improve water security for all. The mission of Reap Goodness is to restore earth, provide food and water security for everyone.

After searching across Arizona for land to develop an agro-forest, they found

undeveloped land owned by the Boyce Thompson Arboretum just west of the park that could be ideal location for a Reap Goodness Garden. The Boyce Thompson Arboretum agreed and for the past year, the local team of Reap Goodness volunteers have been planning their garden. This is their second project called the Heartland Trial at BTA, the group has another ongoing trial called Heartland Trial Sierra Vista. Carol Manetta is the Executive Director of Reap Goodness and is the visionary for the project.

Agro-forests are designed in a way that the gardens contour to the land which helps to ensure the gardens utilize the rain water effectively without drawing heavily on ground water sources. The land they plan to use has slopes which will allow the gardens to have swales that will slow down and capture rain water.

“Throughout the land we are already finding micro-climates that are growing native food and medicinal plants,” said Annie Weaver Bryant. Annie grew up in Globe and is an ASU graduate

who is working on several food and micro-climate research projects. Micro climates are areas where plants are already growing and creating habitats or preserving water flow for other plants to grow. Her familiarity of the area is helpful to the project and connecting others to this unique project.

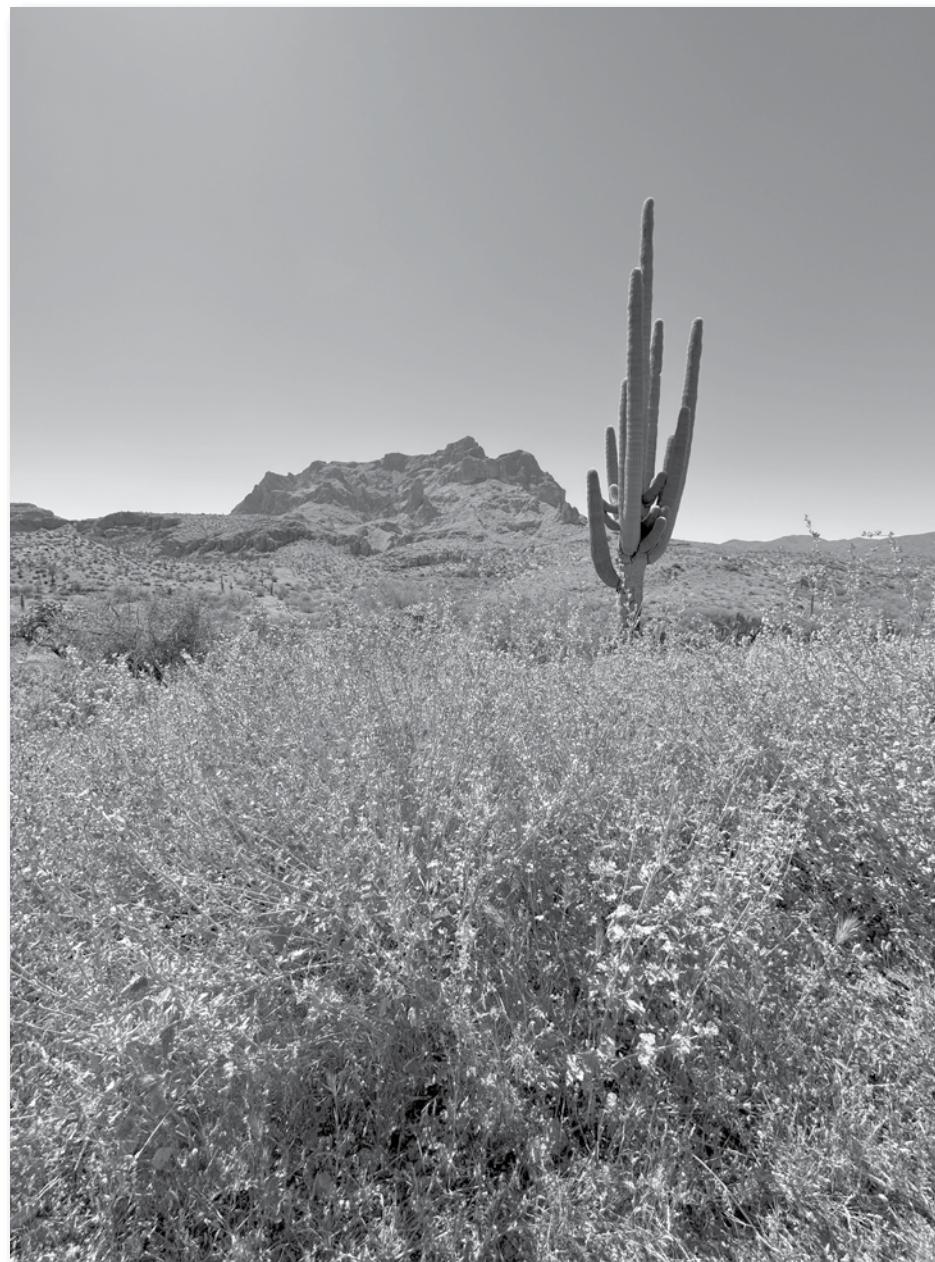

Currently the team is surveying the land to identify native food and medicinal plants already growing on the five-acre parcel while also identifying the location of Saguaro and Hedgehog

Grandson of Superiorites to attend ice hockey tournament in Toronto, Canada

Nestled between the clashing thunder of football pads and the smell of the fresh cut grass on a baseball field, lays a sport not often associated with Arizona. Ice Hockey.

Many question how an ice sport can thrive in the desert heat. Despite this challenge, the hockey population has risen to unprecedented levels in recent years. Amongst those fighting to pave their way in this high paced and physically demanding sport is a group of 11-year-

olds fighting to put Arizona on the hockey world map. One member of that team is Cian Beard, grandson to Superiorites Maria Fernandez and Mike Fraijó and son to former Superior resident Senyssa Beard (Manriquez).

Cian's hockey career began at the tender age of four years old. He first laced up his skates and hit the ice at Arizona Ice Gilbert enrolling in the Little Howler program. It took one session, and he was hooked. Developing

through their house programs, he made his way through Mini Mites and Mites. In the Spring of 2021, Cian joined their travel program and was part of the Arizona Hockey Union 9U Knights. Proving themselves a team not to be rivaled with, the Knights traveled to Chicago to participate in one of youth hockey's largest tournaments, the Chicago World Invite. Placed in the highest division, they were set to battle the country's

best. In a harrowing win against Florida Alliance, they proved victorious. Returning to Arizona as champions. The team would fall short of a state championship losing to an older 10U Jr. Coyote team. At the end of season awards banquet Cian received the Coaches Award.

Making a change of venue, Cian and team mates moved over to join the Jr. Sun Devils 10U Elite team. With the bar risen, the team would be invited to hockey showcases around the United States, rivaling the highest-ranking teams in the U.S and at some points, Canada. Moving full steam ahead, the team would end the season as State Champions of Arizona Hockey Association's Pinnacle division.

Like many athletes, Cian has focused on perfecting his craft in the off-season. During the 2023 summer, he was invited to join the Canadian-based South Alberta Battle Hockey team. Traveling to Calgary, Canada for the Alberta Cup Challenge he joined a team of kids he never before played with. He would return to the U.S.

Cian Beard on the ice.

a champion, with new memories and friendships.

His 11U season has proven no different. Cian has continued to work hard on and off the ice. Earning himself opportunities to play on other teams with kids from all over the U.S. and Canada. This summer, Cian is excited to join Team USA West at the World Cup presented by Prospects by Sport Illustrated. Organizations attending include Team Canada East, Team Canada West, Team USA West, Team USA East, Italy, Finland, All World, China, Czechia, and Sweden. He will also

participate in the Desert Cup Showcase in Las Vegas with players from all over the western United States and Canada.

Cian is grateful for the all the opportunities that have been presented to him. He also appreciates the support his family has given him to succeed. When not on the ice he enjoys playing basketball and football. He dreams of one day playing in the NCAA and making it to "the show" and winning a Stanley Cup. He lives by his favorite quote "You miss 100% of the shots you don't take"-Wayne Gretzky.

Season winding down for Panthers

By Nathaniel A. Lopez
Copper Area News

It was a light time on the diamond for the Superior baseball team. The Panthers traveled to take on the Mogollon Mustangs. The boys struggled to get any runs past a tough Mustang defense, although the Panthers did not let themselves get completely walked all over. The Mustangs were only able to post 3 runs. The game ended with a tough loss

of 0-3.

The boys ended their week with an away game at Coolidge to take on the Bears. Results from that game will be included in next week's issue.

As of April 19, the Panthers sit ranked number four in their region and 16th in the 1A division.

On April 22, the Panthers will travel to take on Fort Thomas as their last regular-season game before the state playoffs begin.

AGRO-FOREST

Continued from page 7

cacti. The garden will be designed around the Saguaros which will add character to the gardens once fully designed and developed. Some of the hedgehog cacti may need to be relocated to the Boyce Thompson Arboretum part to ensure they are not impacted by the development of the garden.

Timm Esque, who is the lead project director, has been engaging with several local residents of Superior and students at Arizona State University to conduct

the land survey but also to develop a local survey to determine how frequently local residents purchase fresh fruits and vegetables and how often they cook at home. They will also be working to determine what kinds of foods consumers purchase in the area. Their long term mission would be to share the food grown in the agro forests with local food banks and farmers markets.

Reap Goodness also provides training on how to develop worker cooperatives

and help communities grow towards food sustainability. The development of agro-forests also helps to improve water quality which improves water security as well. Their work globally is helping to create sustainable food and water systems that improves the quality of life for those living near their projects.

The agro-forest has received funding from corporate grants from Avnet Corp, Kroger Corporations and State Farm Insurance and additional support from

the Sunrise Rotary Club of Sierra Vista.

The garden will have a plethora of research and science based design opportunities that will help to regenerate the land, this endeavor and educational opportunity will also require local volunteers to help maintain and keep the garden growing. The group is looking for like minded individuals to assist and learn more about the project. Those interested can contact Mike Montiel at 480-272-3786.

NOTICE OF POWER COST ADJUSTMENT
Pursuant to the Bureau of Indian Affairs regulations governing our electric power utilities, found at 25 CFR 175, notice is hereby given that the San Carlos Irrigation Project (SCIP) is adjusting the purchased Power Cost Adjustment (PCA) component of our rates. Effective May 1, 2024, all customers except Irrigation Project Pumps, will be charged \$0.025 per kilowatt-hour (kWh) consumed in addition to our existing electric power rates published in the Federal Register (87 FR 77628, Dec. 19, 2022). This will replace the September 1, 2023, PCA of \$0.056 per kWh. SCIP completed its periodic review of power supply costs for calendar year 2024 and determined that a reduction in the PCA is appropriate. We will continue to monitor energy rates and adjust the PCA as needed to meet our financial and statutory requirements. Please direct questions via e-mail to scippca@bia.gov or mail to San Carlos Irrigation Project, P.O. Box 250, Coolidge, Arizona, 85128. Public Notice

PUBLIC NOTICE OF HEARING ON SOUTHWEST GAS CORPORATION FOR THE ESTABLISHMENT OF JUST AND REASONABLE RATES AND CHARGES DESIGNED TO REALIZE A REASONABLE RATE OF RETURN ON THE FAIR VALUE OF THE PROPERTIES OF SOUTHWEST GAS CORPORATION DEVOTED TO ITS ARIZONA OPERATIONS. (DOCKET NO. G-01551A-23-0341)

Summary

On February 2, 2024, Southwest Gas Corporation ("SWG" or "Company") filed with the Arizona Corporation Commission ("Commission") an application requesting adjustments to its rates and charges for utility service in its Arizona jurisdiction. The Company asserts that for the test year ending October 31, 2023, ("TY"), SWG had adjusted operating income of \$155,534,944 and an original cost rate base ("OCRB") of \$3,254,152,086 and fair value rate base ("FVRB") of \$4,848,614,544 resulting in a rate of return of 3.21 percent on its FVRB. The Company's proposed rate of return includes a 0.81 percent return on Fair Value Increment to produce a 5.15 percent rate of return on the Company's FVRB. The Company's proposed rates and charges would produce an overall revenue increase of \$125.6 million or approximately 18.78 percent. SWG also proposes to recover its rate case expense, as well as the remaining balance on rate case expense from its prior general rate case, through its regulatory expense surcharge. Based on its calculations, the Company estimates the surcharge to have an approximate \$0.005 monthly bill impact on a residential customer at the average monthly usage of 23 therms. The Company's proposed rates and charges, including regulatory expense surcharge, would result in the following monthly bills for a residential customer average winter monthly consumption of 35 therms, average summer monthly consumption of 11 therms, and annual average monthly usage of 23 therms:

Single Family Residential Service	Monthly Consumption (therms)	Monthly Bill (\$)		Increase/Decrease	
		Current Rates	Proposed Rates	Dollars (\$)	Percent (%)
Summer					
Summer 75%	8	\$26.47	\$28.95	\$2.48	9.37%
Summer Average	11	\$32.38	\$35.79	\$3.41	10.53%
Summer 125%	14	\$38.29	\$42.63	\$4.34	11.33%
Winter					
Winter 75%	26	\$61.92	\$70.00	\$8.08	13.05%
Winter Average	35	\$79.65	\$90.53	\$10.88	13.66%
Winter 125%	44	\$97.38	\$111.05	\$13.67	14.04%
Annual Average					
Average Monthly	23	\$56.01	\$63.16	\$7.15	12.77%

In addition to the rate increase, SWG requests approval of modifications to its Purchased Gas Adjustor and Delivery Charge Adjustor mechanisms to adjust the interest component. Further, the Company proposes the addition of an Unrecovered Gas Cost Expense Provision to timely recover the uncollected portion of customer bills related to purchased gas.

The Company also proposes an Incremental Upstream Pipeline Charge ("IPC") to establish a rate applicable to transportation customers for their portion of IPC charges. In addition to the above, the Company requests approval of a System Improvement Benefit ("SIB") mechanism to recover a return on and of net investment made between rate cases for Code and Regulatory infrastructure replacements. **NEITHER THE COMMISSION'S UTILITIES DIVISION ("STAFF") NOR ANY INTERVENOR HAS YET MADE ANY RECOMMENDATION REGARDING SOUTHWEST GAS CORPORATION'S APPLICATION. THE COMMISSION IS NOT BOUND BY THE PROPOSALS OF SOUTHWEST GAS CORPORATION STAFF OR ANY INTERVENORS. THE COMMISSION WILL DETERMINE THE APPROPRIATE RELIEF TO BE GRANTED IN RESPONSE TO SOUTHWEST GAS CORPORATION'S APPLICATION BASED ON THE EVIDENCE PRESENTED IN THIS MATTER. THE FINAL RATES APPROVED BY THE COMMISSION MAY BE HIGHER, LOWER, OR DIFFERENT THAN THE RATES PROPOSED BY SOUTHWEST GAS CORPORATION OR BY OTHER PARTIES.**

About Intervention

The law provides for an open public hearing at which, under appropriate circumstances, interested persons may intervene. An interested person may be granted intervention if the outcome of the case will directly and substantially impact the person, and the person's intervention will not unduly broaden the issues in the case. Intervention, among other things, entitles a party to present sworn evidence at hearing and to cross-examine other parties' witnesses. **Intervention is not required for you to appear at the hearing and provide public comment, to file written comments in the docket for the case, or to receive emailed notice of each filing made in the case by following the docket.**

Information about what intervention means, including an explanation of the rights and responsibilities of an intervenor, is available on the Commission's website (www.azcc.gov) by clicking on "Cases and Open Meetings" and then clicking on "Intervene in a Case." The information includes a Sample Intervention Request and a Fillable Intervention Request Form.

To request intervention, you must file a written request to intervene, either (a) by filing a hard copy request (meeting filing requirements) with Docket Control (Docket Control, 1200 West Washington, Phoenix, AZ 85007), or (b) by **eFiling** the request. **Your request must be filed or eFiled no later than June 14, 2024.** Instructions and restrictions for eFiling are available on the Commission's website at <http://azcc.gov/hearing/efile-for-utilities-instruction>. You also must serve a copy of the request to intervene on each party of record, on the same day that you file the request to intervene with the Commission.

Your request to intervene must contain the information below:

- Your name, address, and telephone number;
- The docket number for the case in which you are requesting to intervene;

The private property of the directors and officers of the corporation shall be forever exempt from all corporate debts, liabilities and obligations of every kind whatsoever, pursuant to the laws of the State of Arizona. New mural at Superior Food Bank

Americorps Team Earth Team 6 completed its mission in Superior working on fire breaks and trails in Superior. This particular group also completed additional volunteer work for the Superior Food

Bank, after painting the food bank, the team asked the Superior Town Council for permission to paint a mural on the building.

The mural was designed by the team

leader Lauryn Blottin. The saguaro cactus surrounded by colorful fruits, vegetables and vines helps to give the food bank building a fun, fresh new look. The Earth Team 6 team members worked on the

mural during their personal time.

After almost three month of service in Superior, the group departed to their next assignment in Tulsa, Oklahoma in early April.
