# PoppyFest continues with Roger Naylor at Bullion Plaza Museum on April 11

Discover the scenic wonders and cultural treasures of Arizona with award-winning Arizona travel writer and advocate Roger Naylor for April's 2<sup>nd</sup> Friday program at Bullion Plaza Cultural Center & Museum in Miami. This free program starts at 6:30pm on Friday, April 11. His new book, "Arizona National Parks and

Monuments: Scenic Wonders and Cultural Treasures of the Grand Canyon State," is his comprehensive guide to 34 national parks in Arizona, including nearby Tonto National Monument and the Arizona National Scenic Trail. His descriptive style will take those attending the 2<sup>nd</sup> Friday program on a journey of the imagination.

"We hike, bike, kayak, ride mules, bounce down dirt roads, slither through slot canyons, and camp under skies dripping with stars. All that adventure is yours with this new book," says Naylor.

Roger has been "swoony in love" with Arizona since arriving as a college student many years ago. For decades he has explored his adopted state while writing about his discoveries for the Arizona Republic, USA Today, The Guardian, Country Magazine, Arizona Highways, and many more. He was inducted into the Arizona Tourism Hall of Fame in 2018, and for those who have been on the Verde Canyon Railroad, he is the narrator on the train.

## It's Ray Elementary Pre-K Registration time!

Kindergarten is a great way to introduce your children to the early academic skills of reading, writing and mathematics, to lay a strong foundation for the academic career and, more importantly, their love of learning. In addition, their social development will be encouraged in a way that simultaneously encourages emotional development.

As New York Times Best-Selling Author Robert Fulghum said, "All I really need to know I learned in kindergarten."

Ray School District Pre-Kindergarten (Pre-K) registration will be open on April 28 from 8:30 a.m. until 11:30 a.m. In order to register your child for the 2025-26 school year, they must be four (4) years of age, prior to September 1.

You must have a complete immunization record and a birth record in order to register for school. If you do not have a birth record you can get one for a small fee from

the Bureau of Vital Statistics in the state in which your child was born, the addresses of which are available at the Elementary School Office. Your child's physician or clinic may also provide an immunization record.

The Ray School District also offers a Pre-K Program for students with special needs. This provides services to children, ages 3 and up, with disabilities. Registration will be in the Elementary School Office and screenings for all eligible children will be in the Pre-Kindergarten room 212-211. The tuition cost for the 2025/2026 school year is \$100 per semester. Tuition must be paid before August date for the first semester and before Jan. 12 for the second semester. If payment is not made by the first day of each semester, your child will not be eligible to attend. Refunds must be requested by Aug. 21 for the first semester and Feb. 5 for the second semester.

If you have any questions, you can call the Ray Elementary Office at 520-363-5515 ext. 101.

# Dry conditions statewide could fuel high fire activity across Arizona

Late last month, Arizona Department of Forestry and Fire Management (DFFM) along with local and federal partners briefed Governor Katie Hobbs on the outlook for Arizona's upcoming fire season. Unlike year's past, state and regional fire behavior analysts warn this year, Arizona's lingering warm and dry conditions, coupled with drought-stricken fuel could be the driving forces for widespread fire activity. In addition, a windier spring weather pattern and sustained warm and dry conditions could potentially lead to larger and longer

duration fires sooner, particularly in southeastern Arizona, including within Cochise County. Then, as the state moves into its hot and dry summer months, analysts forecast fire activity increasing throughout Arizona, including across the high country. The minimal moisture in Flagstaff and in northeastern Arizona also puts those areas at higher risk for increased fire activity.

DFFM's State Fire Management Officer John Truett said this year's season is not based on elevation or fuel type. "More than half of the state is in extreme

drought status. That combined with a lackluster winter and spring, in terms of rain and snow, have really put us at a disadvantage statewide."

However, the possibility is there for areas south of the Mogollon Rim, including across the Sonoran Desert landscape, and southern Arizona to see larger intensity fires due to the fuel types and amount of fuel loading. Prior to the recent precipitation, state fire personnel recorded historically low live fuel moisture levels within brush in Yavapai County and in southeastern Arizona in Bisbee and Douglas. The abnormally low moisture levels essentially equate to dead fuel that can be highly conducive to quick ignitions and rapid-spreading fire.

"The recent moisture may have spared us a few weeks in terms of keeping fire activity down. However, with the

possibility of a very active fire season across Arizona, it is important that residents stay vigilant of the conditions. Be prepared and be proactive when it comes to fire. Do your due diligence when working outdoors with tools that may spark. Be a good steward of our lands and recreate responsibly. It's not a matter of if a fire starts, but when," Chief Truett said.

In 2024, firefighters responded to 2,162 fires – an increase of 33% from 2023. Those 2,162 fires burned 282,507 acres of private, state, and federal lands. In 2023, 1,831 fires burned approximately 188,000 acres.

Just last week, firefighters scrambled to extinguish a series of wildfires along Highway 79 between Oracle Junction and Florence. Those fires were sparked by a vehicle with an unsecured chain dragging behind it.

# RUSD transformational changes discussed at board meeting

By Mila Besich  
Copper Area News

RUSD Superintendent Jeremi Brewer opened a work session meeting of the Ray Governing Board to a packed cafeteria of community members, parents, and students of the district. The work session was an informational session to give the board and the community a full explanation of the new changes being implemented at the Ray Schools. The new instructional model will be utilizing Khan Academy that is a Artificial Intelligence tool used across education systems to help students to attain the required skills, then followed by project-based learning to emphasize provide additional instruction to those basic skills.

Brewer also explained the attendance is down by 17% across the district which greatly impacts the school's budget and currently the school district is not performing academically. He further explained the administration's plan to increase the enrollment to 800 students and improve the academic attainment.

Discussion also followed on the pending reduction in force that the administration is proposing for the upcoming school year. He explained that at the time of the meeting he had already received about a dozen resignations and retirement notices from staff. The original discussion of RIF's began at the board's monthly meeting on March 20, 2025. Board minutes explain that *"We will do everything we can to preserve every possible position that we have but the District will need to be prepared for consolidation and a reduction in force. He stated while our balance sheet may be healthy today, given Ray's trend on student enrollment it might not be in the future"*. During that meeting he also asked the board for a \$2,500 budget for marketing. That budget was approved on a 3-2 vote. Board Vice President Tino Flores and board member Davila voted no on the budget. The board also voted to hire new pre-paid legal council with Udall and Shumway. This was also approved on 3-2 vote with Flores and Davila voting no on the changes. During the discussion on this Flores asked why the board needed to change the pre-paid legal services. According to the minutes Dr. Brewer replied, *"Dave Pauole strongly recommended that given the needs of the district, that Udall and Shumway is just better equipped to help us with the changes the district is going through"*. Flores explained that the district had been using Dave Pauole for many years.

The work session and special board meeting that was scheduled a week later on Thursday, March 27, began at 6 p.m. with the presentation and public questions, which lasted until 7:45 p.m. Initially, it was not planned to allow for public questions and only for the board to interact with the administration, but Board President Amanda Kenney allowed the questions from the public. Parents requesting to know more about how the curriculum delivery changes would affect graduation requirements and the college entry requirements. Some were concerned that it might be too much computer time.

The board agenda for a meeting start of 7 p.m. did not list all the employees that would be discussed; this meeting began at 7:45 p.m. and was adjourned at 8:03 p.m. Several employees that were notified that they were

Ray's leadership team are, from left, Patty Edgemon, Dr. Jeremi Brewer and Melissa Huerta. Mila Besich | CANP

going to be discussed in the executive session posted on the agenda spoke about their concerns. It was not clear by their comments if they were notified 24 hours prior the start of the meeting, other than comments that they received their notice "last night". Those speaking about being noticed they would be discussed in executive session were:

Lisa Warren who explained that she thought this was not going to be discussed until the April meeting and was not prepared to give a statement. She stated that she was onboard about the project-based learning but she asked if anyone saw a plan for a teacher in the plan. She explained that this plan is 100% Khan Academy. She also expressed that teachers have been demoralized and devalued and she would not be back next year.

Margie Casillas also spoke in the board meeting, another staff member who was noticed she would be discussed. "I want to mirror what Mrs. Warren is saying." She further explained that she was injured in October and when she returned after six weeks, it was chaos. "I have felt demoralized and abused." Casillas has been with the district for 26 years.

Valerie Kelley explained that she worked for the district for over 35 years. She shared that she has already notified the administration that she planned to retire in

May and would notify them with an official resignation. She shared the chaos in the CTE department and that she has been fixing problems since December.

Matthew Flores, who was one of the teachers on the executive session list, opted not to speak but his wife Mrs. Boyd Flores interjected to the board that the Arizona Revised Statute notification about the executive session did not specify why they were being discussed. "For all we know, he is being promoted to a principal or being fired," she exclaimed.

Dr. Brewer explained that having an executive session is the only way for the board to discuss staffing together as an elected body and he is required to let the staff that will be discussed know. After the staff that opted not to be discussed in executive session, the board voted unanimously not to enter into executive session (secret session) and table the discussion to a future meeting.

Since this public meeting, the RUSD has increased public outreach on the changes at the district giving further information on the new curriculum deployment. They have also scheduled additional public work sessions. Dr. Brewer encouraged everyone to with questions to contact him.

RUSD Governing Board meets on the second Thursday of each month at 6 p.m.

# Endangered desert pupfish return to Ayer Lake at Boyce Thompson Arboretum; restored lake is once again a safe haven for the rare desert fish

Arizona Game and Fish Department (AZGFD) biologists successfully stocked more than 450 desert pupfish into Ayer Lake on March 26, marking an important return for these endangered fish to Boyce Thompson Arboretum.

“The Boyce Thompson Arboretum is excited to partner with Arizona Game and Fish on conserving the endangered desert pupfish,” said Kim Gray, executive director of Boyce Thompson Arboretum. “This species is an important part of the ecosystem and our lake provides the perfect habitat for them.”

Ayer Lake, which has been an important refuge site for endangered native fish for decades, needed to be drained over a year ago for essential dam repairs.

“The fish were removed, and we placed them in a pool and fish tank in our greenhouse for safekeeping,” said Gray. “They have been very happy and have even produced offspring.”

Pupfish collected from two other refuge sites — Cottonwood Tank at Robbins Butte Wildlife Area and the Phoenix Zoo Aviary pond — joined the Boyce Thompson fish in their new lake home.

“I’m really excited to get these endangered desert pupfish back into Ayer Lake,” said Brett Montgomery, AZGFD topminnow and pupfish specialist. “It’s such a nice habitat where the fish will really have the chance to thrive.”

Superior Mayor Mila Besich lent a hand getting the pupfish back into the lake by grabbing a net and helping

stock some of these tiny desert fish.

“The release of the pupfish into Ayer Lake was an experience I will not forget,” said Mayor Besich. “We are proud of the important role that the Arboretum plays in sustainability and appreciate the role of Arizona Game and Fish in protecting and preserving habitats for our wildlife.”

Ayer Lake provides important habitat for these endangered desert dwellers, and in return, the pupfish bring some benefits of their own to the arboretum.

“Desert pupfish eat aquatic invertebrate larvae, so they can help keep the mosquito population down and they also help control aquatic vegetation,” said Montgomery. “Plus they’re just really cool fish that are beautiful to look at and fun to watch.”

To have this endangered species at Boyce Thompson, the arboretum entered into a Safe Harbor Agreement (SHA) with AZGFD and the U.S. Fish and Wildlife Service. The SHA outlines responsibilities for protecting the pupfish, such as creating replicate populations, minimizing the stocking of mosquitofish and other nonindigenous species, and educating the public about the threats faced by Arizona’s endangered native fish populations.

It’s also critical that the public never release unwanted aquatic pets or attempt to move fish into this or any other body of water.

“Introducing a non-native species to this lake could mean we have to start this entire process over,” said

Montgomery, “instead of moving on to the next phase of endangered fish recovery here at Boyce Thompson.”

AZGFD plans to add endangered Gila topminnow to Ayer Lake as well, once the pupfish have had time to adjust.

“The arboretum has abundant wildlife and we actively curate our garden spaces to accommodate the various species that make their home here,” said Gray. “We’re excited to expand our partnership with AZGFD in the future.”

Desert pupfish are small (usually less than three inches in length) and are silvery gray with the females displaying dark markings on their sides. During breeding season, males turn bright blue with yellow tails and aggressively defend their territory. Desert pupfish are evolutionarily suited to harsh climates, able to tolerate both extremely hot and cold temperatures, as well as low oxygen, high-salinity water.

Ayer Lake at Arboretum is a safe haven for an endangered fish.

**MOTION TO VACATE ORDERS OF APRIL 26, 2018 AND JUNE 13, 2018**  
**NO. D0201701856**

IN THE SUPERIOR COURT FOR THE STATE OF ARIZONA IN AND FOR THE COUNTY OF PINAL Assigned to Hon. YVONNA MARIE CAMPBELL, Petitioner, and DANIEL SHAUN CAMPBELL Respondent. Petitioner, YVONNA MARIE CAMPBELL, by and through her attorney undersigned, in support of her Motion to Vacate Orders of April 26, 2018 and June 13, 2018, pursuant to Arizona Rules of Family Law Procedure ("ARFLP"), Rule 85(b)(6), states as follows: 1. On April 26, 2018, the parties were divorced. 2. Pursuant to the Decree of Dissolution ("Decree"), Respondent was awarded 22.701% of the Petitioner's Arizona State Retirement System ("ASRS") instead of 50% of the pension because of an offset. 3. The value of Petitioner's ASRS pension as of the date of November 10, 2017 was \$62,823.00. It is clear from the Decree that the Court intended that Respondent receive the percentage of the value of the benefits at the time of the Decree as the Decree states: THE COURT FINDS that the above allocation of the real and personal property, under the circumstances set forth above, Wife is entitled to an offset based upon the below analysis: Timeshare Offset: \$7450.00; Business Interest: 725.00 Motor Vehicles: 8,975.00 Total: \$17,150.00 Husband's share of ASRS plan: \$31,411.50 Amount Wife owes Husband after deduction of offset from Husband's ASRS plan share: \$14,261.50 This amount represents 22.701 % of the balance of Wife's ASRS retirement plan as of the date of service (\$62,823.00 x 22.701 % = \$14,261.45). Therefore, Husband should receive 22.701 % of the community share of Wife's ASRS retirement plan calculated on the basis of the coverture fraction formula, rather than 50% of the community share on the basis of the said formula. Emphasis added. 4. Based on this computation, Respondent's share of the pension would be approximately \$14,260.00. 5. Because of the language in the Decree, the form QDRO prepared by Petitioner without counsel inserted the percentage determined by the Court without specifying that the percentage was to be based on the value of the pension as of the date of service. Thus, the language is being interpreted to award Respondent 22.701% of the current value of the pension, that being approximately \$242,000. This QDRO was filed on June 13, 2018. 6. Petitioner did not realize the problem with the Decree of Dissolution and QDRO until just recently, when she retired and the ASRS was set to be divided. 7. Although the Court referenced the coverture fraction formula in its Decree, the QDRO issued did not structure Respondent's interest in Petitioner's plan in terms of the formula. Had it done so, Respondent's interest in the plan would have been a lower percentage of a higher amount of benefits, not a fixed percentage of a higher amount of benefits. Based on Petitioner's years of service as of the date of service (October 12, 2017) (9.5) compared to total years of service (16.5), Respondent's percentage share of Petitioner's current benefits would now be 13.069%. 17. Rule 85(b) (6) allows this Court to vacate a judgment for any reason justifying relief so long as the Motion to Set Aside is filed in a reasonable time. This Motion is being filed shortly after Petitioner was made aware of the error, which is clearly a reasonable period of time. Further, the circumstances of this case, as set forth above, justify relief from the Court's Orders regarding a division of Petitioner's pension. 8. Once the relevant provisions of the parties' Decree and the resulting June 13, 2018 Order is set aside, a new Order can be created that would accurately award Respondent his share of Petitioner's ASRS benefits based on the coverture fraction formula taking into account the lesser percentage he was originally awarded because of offsets. WHEREFORE, Petitioner respectfully requests that this Court vacate the relevant provisions of the parties' Decree and the QDRO filed June 13, 2018 so that a corrected Decree and QDRO can be prepared and approved by the Court. RESPECTFULLY SUBMITTED this 27th day of December, 2024. ADAM C. RIETH, P.L.L.C. By: /s/Adam Rieth Adam C. Rieth Attorney for Petitioner 1 The coverture fraction formula is years in plan while married divided by total years in plan times share of pension (which would typically be 50%). However, in this case the coverture fraction formula would be years in plan as if the date of service (9.5) divided by total years in plan (16.5) times 22.701% which equals 13.069%. ORIGINAL of the foregoing filed the date and year set forth below with: Clerk of the Pinal County Superior Court COPY of the foregoing delivered the date and year set forth below to: Honorable Pinal County Superior Court COPY of the foregoing served on the following person: Daniel Campbell Respondent, Pro Per /s/Stephanie Rieth : December 27, 2024. # Junior Chamber: Local teens learn how to give back

By Nichole M. Aranda  
Copper Area News

If you attend any public community events, you more than likely will run into local high school students who help make sure the events go off without a hitch. These kids are all a part of Junior Chamber, a mentorship program for local teens run by the Copper Basin Chamber of Commerce.

Students from Ray Jr/Sr High School, Hayden High School and Winkelman Prep have all formed groups within each school. To join and participate, each student enters into an agreement to maintain a "C" average and commit to at least 50 hours of volunteer work per year. They meet once a month during their one-hour lunch break to discuss all the upcoming events and past performances. Students are involved in a group chat and the "group me" app and must communicate on all levels.

For the past three years, this program of

young volunteers has been led by Emilia Rutledge. Emilia, who works for Copper Basin Chamber of Commerce, also serves the community by holding "Emilia's Community Events" as well as working with AZYP (Arizona Youth Partnership), Copper Corridor Community Substance Abuse Coalition, along with any other activity that may need a lending hand. Others who also selflessly volunteer their time are high school representatives, Megan Corder and Germain Borne, and sponsor, Nannette Moreno.

In the past year, these students have volunteered for more than a few events, such as the Elks Dinner and events, Kearny Car Show, Kearny Pumpkin Patch, Kearny's Great Pumpkin, Ray School Concession Stand, Winkelman's Haunted House, KSP Roping's and Gymkhanas, Fire Department training and events, Kearny's Polar Express, Winkelman Xmas, and Set Free Church's Christmas Event. They also help educate the community on anti-

bullying, teen substance abuse, and just try their best to better the lives of other teens and residents in the community. These are just a small number of events they are involved with.

"Throughout the year," Emilia said, "all students receive awards based on performance, communication, relationships, and integrity. I feel students should always be acknowledged for their hard work, especially if they stand out."

In fact, on March 25, 2025, several students from Junior Chamber were recognized by Copper Corridor Community Substance Abuse Coalition. The coalition said they were awarded "for being All-Stars volunteering at all events and meeting or exceeding volunteer hours in a semester." There will also be another awards ceremony from Kearny Elks B.P.O.E 2478 on May 1, 2025. The program also gives each participant \$100 per year that they are active and complete all requirements. Seniors in the program

are also eligible to apply for a \$1,000 Copper Basin Chamber of Commerce Scholarship as well as a \$250 scholarship, the Art Padilla Scholarship, which is awarded to the student from both Ray and Hayden schools, who has completed the most volunteer hours.

Spending the time to give back to their communities is not something most teenagers even think of, let alone setting time aside out of free time without expecting anything in return. So, the next time you see these teens volunteering their time, make sure to stop and thank them for all they do.

Sponsors of Junior Chamber include Dunn Ranch, ARC, Norm's IGA, Elks B.P.O.E 2478, Asarco/Grupo Mexico, Wernett Properties, Bella Pools, Eddie Tire, Moose Knuckle Prints, Kearny's Hand-Me-Up Shop, Town of Kearny, Town of Winkelman, Marge Jones, Frank and Angela Buso, Joanne Lerma, and Tyler Bingham.
