# Ray School District to make staffing adjustments

Ray Unified Governing Board held board meetings on Aug. 22 and Aug. 28.

During the meetings, a majority of the action items were discussed in executive sessions (secret), which included discussions on staffing adjustments and new responsibilities. Meeting minutes show that the board directed staff to do as directed in Executive Session. This is not an uncommon activity for a public elected body and public service employees as a certain amount of privacy is allowed.

The action items discussed and approved pertained to:

- Melissa Huerta - Assignments and Compensation
- Joe Fürstenberg - Appointment, Assignments and Compensation - Approve a contract
- Retention of Donna Roach Contract
- Discussion and possible action regarding update of Administration and Department Directors Salary Schedule
- Discussion and possible action regarding the administrative organization and position.

The board also discussed in open session to hire an Elementary Principal and Junior Senior High School principal, and also hire a part time superintendent.

The board discussed the interview process and other administrative organizational chart. The board did not vote officially on the hiring of the principal positions but

the minutes indicated that the board will be developing the full plan and application and interview process.

# Proposed solar farm near San Manuel has residents asking questions

The Ore Town Solar Farm being proposed near San Manuel will receive a public hearing for a zoning change with the Citizens Advisory Committee at Pinal County this week. The hearing is scheduled for Thursday, Sept. 5, and is scheduled for 6 p.m. at the Pinal County Courthouse in Florence. The hearing is set to be held in the Ironwood Room. You can review the full zoning application online: [bit.ly/478PSfu](http://bit.ly/478PSfu)

Those wishing to comment either in favor or against may attend the meeting and make their comments. Those wishing to stay apprised of the development and the county process and submit their comments in writing may also do so by mailing their comments to: Pinal County Development Services, Monicka Smriti, PO Box 749, Florence, Arizona 85132. Written comments must also contain the following information: planning case number, name, address, telephone number and your property tax parcel number. A brief statement pro or against the request and whether or not you want to appear to be heard at the meeting.

The solar company, named 310SM 8me LLC or Avantus, which is listed as a foreign agent (incorporated in Delaware) by the Arizona Corporation Commission, held a community-based public hearing in April. This hearing allowed the residents of the area to meet company officials and get to know more about the project. The hearing scheduled with Pinal County will be focused on the land use change amendment.

The Ore Town Solar Project is set to be constructed on private land owned by BHP at the former home of BHP San Manuel mining ore processing operations. Before

**The proposed Ore Town Solar Project would be located north of Veterans Memorial Blvd. on BHP property between the roadway and the tailings. It is unknown if the solar panels would be visible from the roadway or San Manuel.**

T.C. Brown | CANP

construction can begin the company requires a major zoning amendment change, which must be approved by the Pinal County planning and zoning and eventually the Pinal County Board of Supervisors. Currently the land is zoned low density residential. They are requesting the zoning to be Green Energy production.

The proposed project would be an up to a 145-megawatt solar energy generating station and battery energy storage system. The project is planned on a 1,200-acre site owned by BHP and includes lands within the now-closed San Manuel Copper Mine formerly used for ore processing. This would not include the tailings areas due to subsidence concerns. The solar panel arrays would be 8-10' at their highest point.

Key project facilities include several parts in an overall plan. Solar panel arrays, inverter stations, electrical collection lines, and a step-up station all share a part of this plan with dedicated battery storage systems. The battery systems would be housed in protected containers to store electricity from the solar panels for use when the sun is down. An approximately 0.35-mile long transmission line would connect the project to the regional grid via the existing San Manuel Substation. The substation is owned and operated by APS.

During the April public hearing the company did announce that a major zoning change would be required. Should the zoning change be approved, the operation will create about 200 construction jobs and should be fully operational by 2026. Once in operation, there would

be four to five full time employees working at the site. Construction could begin in 2026 with an online goal of May 2028 if all is approved.

Residents in the area have begun expressing their concerns about the impacts to wildlife, potential fires and questioning if the solar panels or battery storage were to combust would the fire department have the skills necessary to protect the community from fire.

“Wildlife issues alone should reject the application. Both our desert turtles and Gila monsters are protected under state laws,” said Michael and Susan Clary in an email to the San Manuel Miner. “As full time residents of San Manuel, we are GREATLY concerned for our community.”

SWCA and Environmental Consulting firm in Flagstaff has been working with the company to educate the public and government processes on any environmental concerns. SWCA Environmental Consultants have been in business since 1981. They state that they have “helped public and private clients overcome environmental challenges and move their projects forward. Our 100% employee-owned firm offers comprehensive environmental planning, regulatory compliance, and natural and cultural resources management services. We work together to understand the full life cycle of any project, from inception to completion.” They do offer opportunities for public comments concerning Ore Town Solar. Their project team can be reached via mail at Ore Town Solar

## Ray bests San Manuel on the grid; Hayden wins over Mogollon

By Nathaniel A. Lopez  
Copper Area News

It was another stellar night of high school football on Friday. San Manuel traveled to Kearny to face the Bearcats and Hayden hosted Mogollon.

The Ray football team hosted San Manuel last Friday. After last week's loss, the Bearcats were able to claim the victory over the Miners.

The final score of the game was 32-12, giving the Bearcats their first win of the season. It was a tough game for the Miners, who were only able to get 12 points on the scoreboard.

Ray will travel to take on St. David on Friday, Sept. 6, with a kickoff time scheduled for 7 p.m.

The Miners will travel to take on Duncan on Friday, Sept. 6, with a kickoff time of 7 p.m.

In JV action, San Manuel hosted Ray on Aug. 28. Ray claimed the win with a score of 16-12.

### Hayden Lobos

The Hayden High School football team hosted the Mogollon Mustangs last Friday.

The last time the boys saw the Mustangs was during their state championship game last season, where the Lobos earned the 1A Championship title.

The Lobos came out ready to play, ending the first quarter with 16 points to their name, while giving up 6. The second quarter was a battle, but the Lobos held tough, not letting any of the Mustangs make it to the end zone. By halftime the score remained 16-6.

The second half of the game saw the Lobos step on

## RAY DISTRICT STAFFING CHANGES

Continued from page 2

Another topic of discussion from the Aug. 22 meeting was a request to discuss options for hosting Seminary

(LDS) classes for students. The board discussed a variety of options, and reviewed school policy, which does

not allow for regular school schedule to be impacted by seminary classes and the policy does not allow for seminary classes to be held on school property. The Board ultimately tabled action on this item.

The board also voted on signature approvals until a new superintendent is hired. Principal Melissa Huerta and Business Manager Holly Acuna are authorized to sign official documents. If a superintendent signature is required, Board President Jay Wernett will sign and should a Board President signature be required, Board member Tino Flores will sign. This signature authority is being approved until a new superintendent is hired.

Many of these actions have been required after the sudden and unexpected resignation of former Superintendent Anthony Morrison.
